Best Presented

Worst Presented

1. All drivers must carry a valid State Road License

All vehicles must be registered.

2. Tow balls to be removed
3. Drivers must be aware that they may be breath-tested for the presence of drugs or alcohol. Any non-zero test result will mean disqualification from the event.
4. The ute driver must wear a seatbelt
5. All utes will be observed by a safety officer appointed by the AH&P Assoc.
6. All drivers are to attend the safety briefing and sign the briefing attendance sheet.
7. Unless actually involved in a pull, utes must be driven no faster than walking pace at all times.
8. No passengers or spectators allowed on utes in the preparation area , on the sled, or on the pulling track.
9. The ute driver must remain correctly seated at all times.
10. Utes must be in neutral and stationary (switched off), and the driver must have both hands raised to indicate “neutral” before hooking up and while unhooking.
11. Pulling will start and stop by a signal from the flag marshal (red/green).
12. Following hook up, the driver must take up the slack on the hook-up chain under the direction of the Pull Co-ordinator and under the red flag, but must not commence the pull until the green flag is shown and acknowledged by the driver.
13. The driver must commence the pull within 30 seconds of the green flag being shown.
14. If during the pull, the flag marshal raises the red flag, the pull is to stop immediately.
15. The ute driver will acknowledge all flag marshal’s signals by fully raising his right arm.
16. No gear change during pull. Auto’s must be locked in a gear.

In the interests of the safety of drivers, officials and spectators, contravention of any of these rules by a driver will mean disqualification from the event.
